

User Guide: Xyron Creative Station Lite

What is it?

The Xyron Creative Station Lite is a compact all-in-one tool for adding adhesive, magnet, or lamination to your creative projects. Use either 3" or 5" Creative Station refill cartridges efficiently and without waste. Great for arts and crafts, the Creative Station Lite does not require heat, batteries, or electricity allowing you to create instantly. Safe for you and the environment – cartridges are acid-free and non-toxic giving off no odor and making no mess.
