CLEAR YOUR FINES. HELP YOUR COMMUNITY.

Fine Forgiveness is back this March - clear your fines on eligible items & help your community with a food or pet food donation! Clearing your fines reinstates full access to our collections with your library card, plus, your donation will go to local food banks & animal shelters. If you have fines, contact your home branch for more info on the number of food items you need to donate to clear your fines.

ENJOY DVDS ON-THE-GO!

New to our collection are large portable DVD players! A few years ago, we started checking out a smaller version of this DVD player, & we are now happy to offer a larger size with a 15.6 screen to enhance your movie experience. If your home branch does not have portable DVD players in-house, you can place a hold & we will send you one from another branch.

Winterland By Rae Meadows

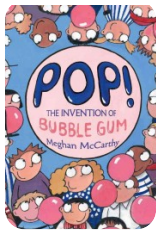

A young gymnast in the gold-winning 70's era Soviet program experiences glory, loss, hope, and determination as she makes sacrifices for her country and tries to find light where none exists.

"Winterland is a tour de force that completely wrapped me up in its story. It follows the USSR's gold-winning 1970s & 80s gymnastics program through the eyes of Anya, a young girl selected to compete for the motherland at the precocious & tender age of eight. Anya cares nothing for winning gold for her country - she just wants to learn some new tricks - but over time, she will grow to know the crucial role she plays in promoting Soviet pride & securing honor for her country ... but at what cost to her mental & physical health, as well as that of her teammates? The 1970s & 80s were a time when Soviet gymnasts dominated the world stage. The USSR was unstoppable, but behind the gold was a story of abuse & self-sacrifice. With real-life tales of horror such as that of Elena Mukhina, who was paralyzed at the hands of the USSR program & who is featured in this story, it is no surprise that *Winterland* is an absorbing, yet distressing look into Soviet gymnastics. Yet despite its dark & depressing overtones, *Winterland* is still a story of hope. Anya, the spirited little girl at the center of this novel, has heart & tries to be true to herself & those she loves despite her crushing circumstances."

On the Corner of Chocolate Avenue By Tziporah Cohen

Perfect for the chocolate lover, inventor, and science-experiment-obsessed childhood reader, this biography shows that perseverance and persistence can lead to sweet success.

"Are you a Hershey's person? I sure am. If you ask me which brand of chocolate is my favorite, my answer is always Hershey's. But did you know that a long time ago, chocolate was only available to the rich? *On the Corner of Chocolate Avenue* by Tziporah Cohen is a wonderfully delicious biography that tells the story of how Milton Hershey created his chocolate empire. As Milton grew up, he noticed how sweets, only available to the rich, made people happy, so he worked to build a career in which he could make these delectable treats available to everyone. This wonderful picture book is attention-grabbing & full of interesting information. Steven Salerno's illustrations complement the story so well. The colorfully detailed drawings pull you into the book & keep you wanting to turn the page. Same with the story. The book is filled with facts about Milton & his career, but they are masked in the easy-to-read style of this book. The last pages of the book include black & white photographs of Milton Hershey throughout his life, more resources to find out additional information about Milton & chocolate, as well as a timeline of Milton's life & career. Even though this is a children's book, it is a great read for chocolate lovers of all ages."

Dare Me By Samantha Chase

A small town, second chance romance from NY Times Best Selling author Samantha Chase.

"*Dare Me* is the first book in *The Donovans* series by Samantha Chase. Arianna Donovan & Will Jameson have a chance meeting one day far away from their regular lives. There is an instant spark, but Will realizes that Arianna is his best friend's sister. Since he knows the family, he decides to leave without pursuing what could be. A year later, Will relocates to Arianna's hometown & the two meet up again. Arianna has strong feelings for Will, but she is unwilling to pursue them since he has left her in the past. Arianna's family is large & extremely protective of their baby. With most of her siblings single, Arianna tries to shift her family's focus on someone else. Arianna & Will started out with many hindrances in their relationship. I really enjoyed reading their love story & how they overcame the odds. If you are looking for a happily-ever-after story, take a chance on a new series with *Dare Me*. Samantha Chase's books are always an easy read that will transport you seamlessly to her world. Can Arianna & Will build a life together with so many obstacles in their path? Read *Dare Me* to find out!"

Complete Guide to Sleep Care By Kiki Ely

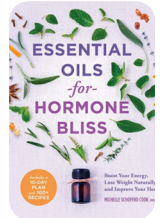

Features 75 accessible methods to improve your sleep that will make you feel refreshed and ready to face the world.

"If your New Year's resolution is to improve your quality of life, Kiki Ely's book *Complete Guide to Sleep Care* can give you tools on how to improve your quality of sleep. Ely boldly states that you cannot truly improve your quality of life until you lay a foundation of healthy sleep habits. Her book features 75 methods to improve your quality of sleep. One of my favorite aspects of this book is the Sleep Sanctuary chapter. Ely explains how to create the perfect setting for optimal sleep. Another helpful part of the book is the Taming Anxiety portion. For many adults, the second they try to sleep, intrusive thoughts rush to the forefront of their mind. To combat this, Ely recommends confronting your anxiety a few hours before bedtime by creating a *what you're worried about* column and a *best possible scenario* column. You will have an internal discussion with yourself, but it can help you gain objectivity & insight into the problems taking up real estate in your mind before bed. If you're looking for an easy-to-follow self-help book, *Complete Guide to Sleep Care* is worth checking out."

The Magician's Nephew By C.S. Lewis

When Digory and Polly try to return the wicked witch Jadis to her own world, the magic gets mixed up and they all land in Narnia where they witness Aslan blessing the animals with human speech.

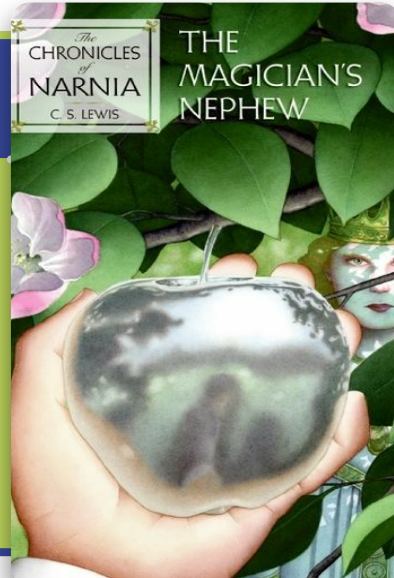

"It has just been announced that one of my favorite childhood book series *The Chronicles of Narnia* will be made into a number of films for Netflix. It has already been made into a BBC live action series, an animated film, & of course, the recent theatrical movies. *The Magician's Nephew*, the sixth book in the series & one of my favorites, is actually a prequel to the first book, *The Lion, the Witch, and the Wardrobe*. It is an origin story of how Narnia came to be & takes place 1000 years before the events of *Lion*. This story is creative, fast-paced, & exhilarating. Fans of the *Lion* book will find many Easter eggs here, & seeing Jadis before she became the Snow Queen is fascinating. Children, as well as adults, will find much to like in this novel. The origin of Narnia is very similar to the Garden of Eden creation story. There is much Christian symbolism in most of C.S. Lewis' books. Lewis was friends with Tolkien & he creates a magical land & mythology all of his own with his fantastical & extraordinary characters. Readers will find the *Narnia* series exhilarating."

None of This Would Have Happened If Prince Were Alive By Carolyn Prusa

Struggling to evacuate to Savannah as a Category Four hurricane bears down, Ramona, along with her entourage, navigates police check points, bathroom emergencies, demands from her boss, torrential downpours, and calls from her cheating ex, while wishing for the days when her life was like a Prince song. "Ramona Arnold has got it all ... except Prince. Which makes everything else going on in her life much worse, including Hurricane Matthew, a menacing Category 4 storm that is barreling towards Savannah & everything that Ramona holds dear. Throw in a good case of hurricane denial; a well-meaning but very anxious friend hounding her to get out of Dodge yesterday; & a pernicious check engine light in her van, & you've got the makings for some very palpable, cut-it-with-a-chainsaw angst. The issues Ramona experiences are enough to leave one frazzled if encountered solo at the best of times, but for her, they converge to form three harrowing, very no good days. In this book, Carolyn Prusa creates believable characters & excels at crafting tension in her debut novel. She sustains that tension throughout, leaving at least one storm-impacted reader exasperated: "Just leave, already." Who stops to play mini-golf mid-hurricane evacuation anyway? One remembers, though, that Ramona is doing her best. Or is she? Prince is gone, yes, but she's not. Nothing will be the same after Hurricane Matthew, & that just might not be so bad."

Lone Women: A Novel
by Victor LaValle
(One World)

A homestead far from prying eyes offers Adelaide a fresh start in 1915 Montana. She makes a few female friends—after all, lone women need to stick together. But a secret that won't be contained or silenced soon threatens her new life. Horror mixed with resilient characters in complex relationships make this a must-read for fans of *A Dangerous Business* and *When Women Were Dragons*."

March 2023: The top ten books published this month that library staff across the country love.

All That Is Mine I Carry With Me: A Novel
by William Landay
(Ballantine)

"The Larkin siblings face years of sadness and questions after their mother disappears. Many speculate their father killed her, but he's always maintained his innocence. What is the truth? The story spans several decades and features multiple narrators, including the mother. The characters are deftly explored and are very raw and real. For readers of suspenseful fiction and family dramas."

—Cyndi Larsen, Avon Free Public Library, Avon, CT
NovelList read-alike: *It's One of Us* by J.T. Ellison

Clytemnestra: A Novel
by Costanza Casati
(Sourcebooks Landmark)

"This triumphant retelling of Greek legend traces Clytemnestra's life through her childhood in warring Sparta to her marriage and the end of the Trojan War. Casati fully fleshes out the mythical queen's character—fierce and unyielding but also soft and mournful. For readers of Madeline Miller's historical fiction."

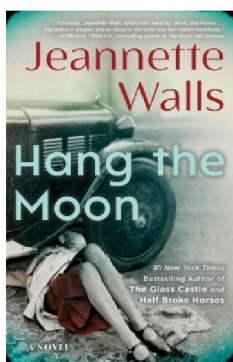

—Magen Hill, Braswell Memorial Library, Rocky Mount, NC
NovelList read-alike: *Elektra* by Jennifer Saint

The Gospel of Orla
by Eoghan Walls
(Seven Stories Press)

"Orla manages the best she can with a little sister and an alcoholic dad, but she misses her mother, who died too soon. When she meets a man who seems to have the power of resurrection, she plans to bring him to her mother's grave, beginning a heartbreaking journey into adulthood and acceptance. Readers of this lyrical debut will wish spunky Orla all the best."

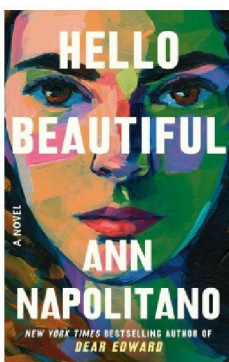

—Katharine Phenix, Boulder Public Library, Boulder, CO
NovelList read-alike: *Washington Black* by Esi Edugyan

Hang the Moon: A Novel
by Jeannette Walls
(Scribner)

"Walls' latest coming-of-age novel about love, loss, and the grey areas of the law is set in Prohibition-era small-town Virginia. This is a must-read for anyone who craves fiction that has unforgettable characters, a relatively quick pace for literary fiction, and a well-researched background. For fans of Sue Monk Kidd and Kaye Gibbons."

—Jennifer Schultz, Fauquier Public Library, Warrenton, VA
NovelList read-alike: *Over the Fence* by Mary B. Monroe

Hello Beautiful: A Novel
by Ann Napolitano
(The Dial Press)

"A man's tragic past and the intersection of his relationship with the sisters of the Padavano family is at the heart of this story. Napolitano skillfully creates a believable narrative to show the effects of trauma, depression, and broken relationships on those around us. The novel has a hopeful message that is full of love."

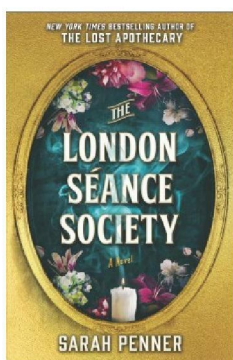

—Michelle Williams, Carlsbad City Library, Carlsbad, CA
NovelList read-alike: *Ask Again, Yes* by Mary Beth Keane

A House With Good Bones
by T. Kingfisher
(Tor Nightfire)

"Readers should eagerly await this phenomenal book. It's deliciously creepy with a shocking twist, but also has incredibly sweet family dynamics (not including the haunting grandmother), an excellent level of humor to balance the tension, and, as a former archaeologist, I can say it has one of the best fictional portrayals of an archaeologist that I've come across."

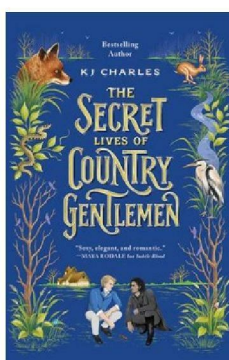

—Matthew Galloway, Anythink Libraries, Thornton, CO
NovelList read-alike: *How to Sell a Haunted House* by Grady Hendrix

The London Séance Society: A Novel
by Sarah Penner
(Park Row)

"Lenna Wickes came to Paris in 1873 to apprentice for Vaudeline D'Allaire, a renowned spiritualist. Vaudeline is called back to the London Séance Society. Lenna joins her to find out who murdered her sister Evie. Can they figure out what happened before they wind up dead too? Penner clearly researched the spiritualism movement of the Victorian era and spun a suspenseful tale."

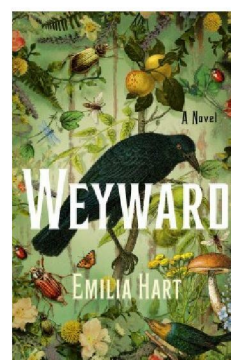

—Shari Suarez, GDL-Johnson Memorial, Genesee, MI
NovelList read-alike: *A Dreadful Splendor* by B.R. Myers

The Secret Lives of Country Gentlemen
by KJ Charles
(Sourcebooks Casablanca)

This poignant romance is an absolute joy! The story incorporates Joss's identity as a biracial Black man but doesn't make it a hurdle that the romance has to surmount. Gareth's understanding of himself, and his honesty, was really refreshing to read in a Regency. And it has been far too long since there was a landed gentry/smuggler romance!

—Dontaná McPherson-Joseph, Oak Park Public Library, Oak Park, IL
NovelList read-alike: *Soldier's Scoundrel* by Cat Sebastian

Weyward: A Novel
by Emilia Hart
(St. Martin's Press)

Men are always trying to dominate the Weyward women, but they always fail, because the Weyward women can call birds to their aid. This matriarchal clan of witches is almost broken until Kate, who stars in the most recent of the three timelines. *Practical Magic* meets Margaret Atwood in an unflinching feminist fantasy that is boiling over with rage and loaded with empowerment.
