MAKERSPACE PROJECT:
Scrunchie

TIME: 1 Hour

SKILL: Easy

EQUIPMENT: Sewing Machine

Use the Makerspace Sewing Machine to Create a variety of Scrunchies to match any outfit. They can be worn in your hair or on your wrist!

MATERIALS YOU NEED TO BRING:

- Fabric
- Thread and Bobbin
- Elastic
- Fabric Marker or Chalk

MATERIALS PROVIDED IN THE MAKERSPACE:

- Sewing Machine
- Scissors
- Tape Measure
- Safety Pins
- Iron
- Ironing Board

TIPS:

- **Cut your fabric wider for a fuller scrunchie or narrower for a more subdued scrunchie.**
- **Scrunchie's are a great way to use up spare bits of fabric!**

Project Steps

1. Cut a piece of Fabric into approximately a 20” x 8” rectangle.
2. Thread a bobbin and the sewing machine with your thread.
3. Fold in the long edges of your rectangle 1/4” and iron flat.
4. Fold fabric in half right sides together. Sew theses ends creating a loop. Iron this seem flat.
5. Open the circle of fabric and fold in half the long way, wrong sides together and iron flat.
6. Sew the edge closed, leaving a small opening to pull the elastic through.
7. Cut a piece of elastic 8”-9” long. Use a safety pin to guide the elastic through the casing . Use a 2nd safety pin to keep the other end of the elastic from getting pulled in.
8. Tie the ends of the elastic in a few knots and sew the opening closed. Finished!
